ASTROVISION
6460 BUSCH BLVD.
COLUMBUS, OHIO

REFERENCE TO PREVIOUS CORRESPONDENCE;

SIR:

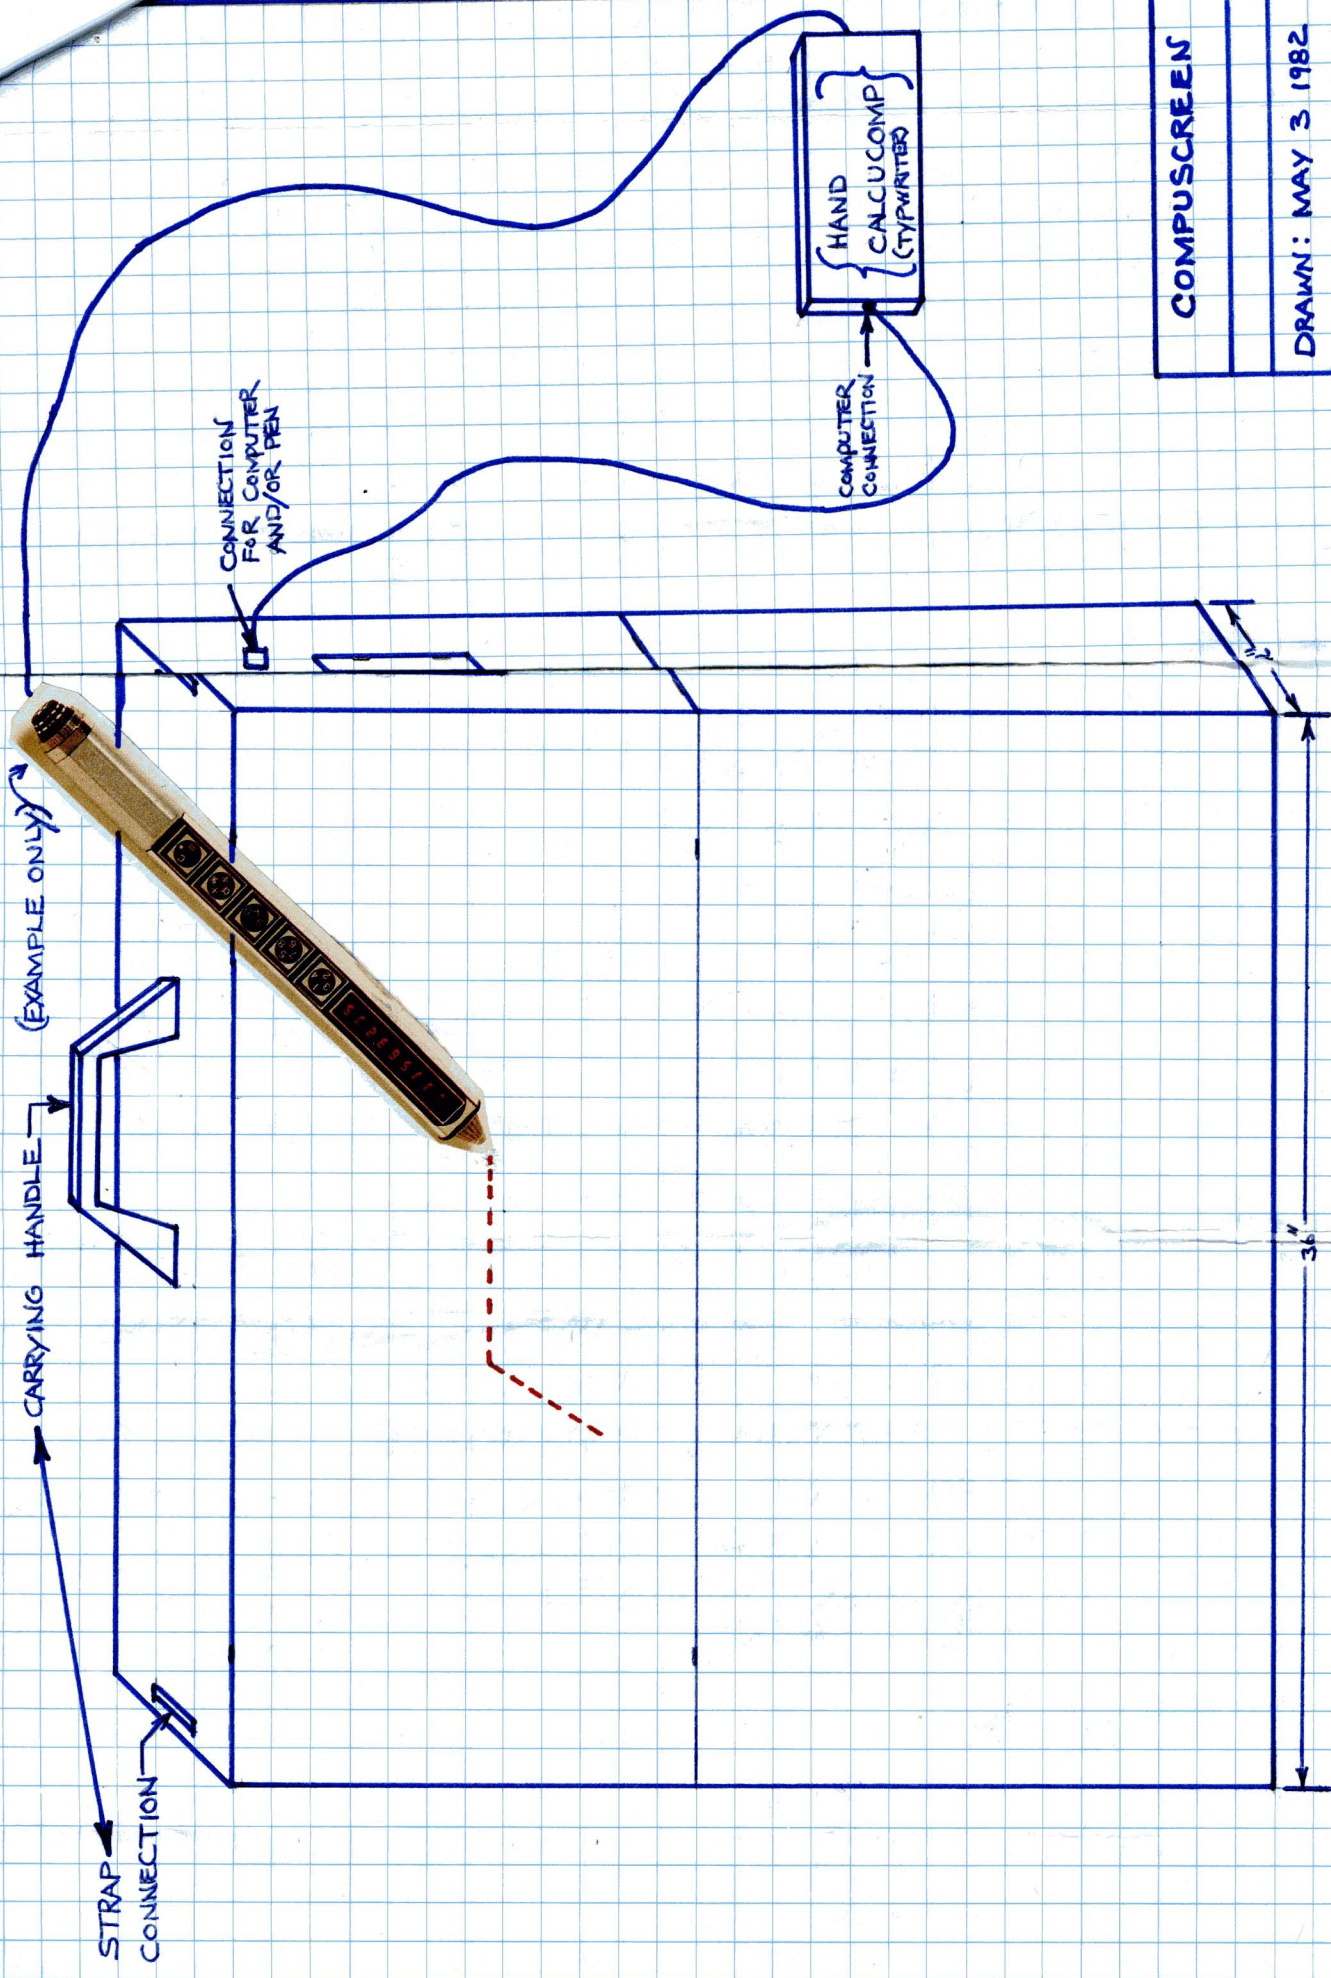

~~WHEN~~ INQUIRING ABOUT THE ARCADE HOME COMPUTER I WAS DRAWN TO ASSUME THAT THE LIGHT PEN WAS A GRAPHIC INSTRUMENT APPLICABLE AS A TOOL. OVER TIME SINCE THEN, I'VE DESIRED TO HOOK UP A SET TO THE ZENITH FOLDA-WAY SCREEN FOR AN ENTERTAINMENT CENTER, BUT WITH THE PEN-CIL. HENCE [💡].

TOWARD ACQUIRING THE 'PACKAGE' INCLUDING AND EXTENDING THE CONCEPT OF A COLLAPSIBLE SCREEN (OF VARIOUS SIZES) BUT THAT ACCEPTS CASSETTE PROGRAMMES OPERATED BY A REMOTE HAND HELD TYPE-CALCULATOR WITH GRAPHIC PEN-CIL.

THANK YOU,
"PULLING UP STOPS";

YOURS CORDIALLY,

Edward J. Bee
